

**Annual Reviews Journal Descriptions:** Below are brief descriptions of our journals for your use in library promotional materials including subject guides, LibGuides, emails to faculty, federated search engines and catalog descriptions. These descriptions include article features, topics covered, intended audiences, year of first publication, and journal URLs.

### *Annual Review of Analytical Chemistry*

**AIMS AND SCOPE OF JOURNAL:** The Annual Review of Analytical Chemistry, first published in 2008, provides a perspective on the field of analytical chemistry. The journal draws from disciplines as diverse as biology, physics, and engineering, with analytical chemistry as the unifying theme. Aimed at readers with a general background in the natural sciences along with scientists interested in physical, chemical, and biological measurements.

**eISSN: 1936-1335**

Since 2008. URL: [www.annualreviews.org/journal/anchem](http://www.annualreviews.org/journal/anchem)

### *Annual Review of Animal Biosciences*

**AIMS AND SCOPE OF JOURNAL:** The Annual Review of Animal Biosciences places a particular emphasis on biotechnology, genetics, genomics, and breeding, as well as veterinary medicine, especially veterinary pathobiology, infectious diseases and vaccine development, and conservation and zoo biology. It is intended for scientists focused on wild and domesticated animal species, veterinarians, conservation biologists and geneticists.

**eISSN: 2165-8110**

Since 2013. URL: [www.annualreviews.org/journal/animal](http://www.annualreviews.org/journal/animal)

### *Annual Review of Anthropology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Anthropology*, in publication since 1972, covers significant developments in the subfields of anthropology, including archaeology, biological anthropology, linguistics and communicative practices, regional studies and international anthropology, and sociocultural anthropology.

**eISSN: 1545-4290**

Since 1972. URL: [www.annualreviews.org/journal/anthro](http://www.annualreviews.org/journal/anthro)

### *Annual Review of Astronomy and Astrophysics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Astronomy and Astrophysics*, in publication since 1963, covers the significant developments in the field of astronomy and astrophysics, including: the sun; solar system and extrasolar planets; stars; the interstellar medium; galaxy and galaxies; active galactic nuclei; cosmology; and instrumentation and techniques, and the history of the development of new areas of research.

**eISSN: 1545-4282**

Since 1963. URL: [www.annualreviews.org/journal/astro](http://www.annualreviews.org/journal/astro)

### *Annual Review of Biochemistry*

**AIMS AND SCOPE OF JOURNAL:** The first Annual Reviews journal, The *Annual Review of Biochemistry*, in publication since 1932, sets the standard for review articles in biological chemistry and molecular biology. Since its inception, these volumes have served as an indispensable resource for both the practicing biochemist and students of biochemistry.

**eISSN: 1545-4509**

Since 1932. URL: [www.annualreviews.org/journal/biochem](http://www.annualreviews.org/journal/biochem)

### *Annual Review of Biomedical Data Science*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Biomedical Data Science* provides comprehensive reviews in biomedical data science, focusing on advanced methods to store, retrieve, analyze, and organize biomedical data and knowledge. The scope of the journal encompasses informatics, computational, and statistical approaches to biomedical data, including the sub-fields of bioinformatics, computational biology, biomedical informatics, clinical and clinical research informatics, biostatistics, and imaging informatics. The mission of the journal will be to identify both emerging and established areas of biomedical data science, and the leaders in these fields.

**eISSN: 2574-3414**

Since 2018. URL: <https://www.annualreviews.org/journal/biodatasci>

### *Annual Review of Biomedical Engineering*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Biomedical Engineering*, in publication since 1999, covers the significant developments in the broad field of biomedical engineering, including biomechanics, biomaterials, computational genomics and proteomics, tissue engineering, biomonitoring, health care engineering, drug delivery bioelectrical engineering, biochemical engineering, and biomedical imaging topics.

Volume 24 (2022) has been converted from gated to open access through Annual Reviews' [Subscribe to Open](#) program, with all articles published under a CC BY license. The back volumes, dating from 1999, are now freely available.

**eISSN: 1545-4274**

Since 1999. URL: [www.annualreviews.org/journal/bioeng](http://www.annualreviews.org/journal/bioeng)

### *Annual Review of Biophysics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Biophysics*, in publication since 1972, covers significant developments in the field of biophysics, including macromolecular structure, function and dynamics, theoretical and computational biophysics, molecular biophysics of the cell, physical systems biology, membrane biophysics, biotechnology, nanotechnology, and emerging techniques.

**eISSN: 1936-1238**

Since 1972. URL: [www.annualreviews.org/journal/biophys](http://www.annualreviews.org/journal/biophys)

### *Annual Review of Cancer Biology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Cancer Biology* reviews a range of subjects in cancer research that represent important and emerging areas in the field. With recent advances in our understanding of the basic mechanisms of cancer development and the translation of an increasing number of these findings into the clinic in the form of targeted treatments for the disease, the *Annual Review of Cancer Biology* is divided into three broad themes: Cancer Cell Biology, Tumorigenesis and Cancer Progression, and Translational Cancer Science.

Volume 6 (2022) has been converted from gated to open access through Annual Reviews' [Subscribe to Open](#) program, with all articles published under a CC BY license. The back volumes, dating from 2017, are now freely available.

**eISSN: 2472-3428**

Since 2017. URL: <https://www.annualreviews.org/journal/cancerbio>

### *Annual Review of Cell and Developmental Biology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Cell and Developmental Biology*, in publication since 1985, covers the most significant developments in the field of cell and developmental biology, including structure, function, and organization of the cell, development and evolution of the cell as it relates to single and multicellular organisms, and models and tools of molecular biology.

**eISSN: 1530-8995**

Since 1985. URL: [www.annualreviews.org/journal/cellbio](http://www.annualreviews.org/journal/cellbio)

### *Annual Review of Chemical and Biomolecular Engineering*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Chemical and Biomolecular Engineering* aims to provide a perspective on the broad field of chemical (and related) engineering. It addresses advances in applied chemistry and biology, with a focus on concepts, old and new materials, and/or processes. The journal draws from disciplines as diverse as biology, physics, and engineering, with development of chemical products and processes as the unifying theme. Aimed at readers with a general background in the natural sciences, including scientists and engineers interested in physical, chemical, and biological phenomena toward advances in chemical process design and creation of new chemical products.

**eISSN: 1947-5446**

Since 2010. URL: [www.annualreviews.org/journal/chembioeng](http://www.annualreviews.org/journal/chembioeng)

### *Annual Review of Clinical Psychology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Clinical Psychology*, in publication since 2005, provides comprehensive reviews of significant developments in the field of clinical psychology and psychiatry. The journal covers research, theory, and the application of psychological principles to address recognized disorders, including schizophrenia, mood, anxiety, childhood, substance use, cognitive, and personality disorders. Articles also address broader issues cross-cutting the field, such as diagnosis, treatment, social policy, and cross-cultural and legal issues.

**eISSN: 1548-5951**

Since 2005. URL: [www.annualreviews.org/journal/clinpsy](http://www.annualreviews.org/journal/clinpsy)

### *Annual Review of Condensed Matter Physics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Condensed Matter Physics*, in publication since 2010, describes the most important advances in condensed matter physics and related subjects. The journal contributes to ongoing research by identifying recent developments and presenting critical appraisals of the various parts of the field.

**eISSN: 1947-5462**

Since 2010. URL: [www.annualreviews.org/journal/conmatphys](http://www.annualreviews.org/journal/conmatphys)

### *Annual Review of Control, Robotics, and Autonomous Systems*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Control, Robotics, and Autonomous Systems* provides comprehensive reviews of significant theoretical and applied developments that impact the engineering of autonomous and semiautonomous systems. The broad fields of control and robotics are the major areas covered, together with connections to theoretical and applied mechanics, optimization, communication, information theory, machine learning, computing, and signal processing. The journal will cover important intersections with fields outside of engineering, including biology, neuroscience, and human behavioral sciences.

**eISSN: 2573-5144**

Since 2018. URL: <https://www.annualreviews.org/journal/control>

### *Annual Review of Criminology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Criminology* provides comprehensive reviews of significant developments in the multidisciplinary field of criminology, defined as the study of both the nature of criminal behavior and societal reactions to crime.

**eISSN: 2572-4568**

Since 2018. URL: <https://www.annualreviews.org/journal/criminol>

### *Annual Review of Developmental Psychology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Developmental Psychology* covers the significant advances in the developmental sciences, including cognitive, linguistic, social, cultural, and biological processes across the lifespan. The invited reviews will synthesize the theoretical, methodological, and technological developments made over the past several decades that have led to important new discoveries relevant beyond psychology, including education, cognitive science, economics, public health, and public policy.

**eISSN: 2640-7922**

Since 2019. URL: <https://www.annualreviews.org/journal/devpsych>

### *Annual Review of Earth and Planetary Sciences*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Earth and Planetary Sciences*, in publication since 1973, covers significant developments in all areas of earth and planetary sciences, from climate, environment, and geological hazards to the formation of planets and the evolution of life.

**eISSN: 1545-4495**

Since 1973. URL: [www.annualreviews.org/journal/earth](http://www.annualreviews.org/journal/earth)

## *Annual Review of Ecology, Evolution, and Systematics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Ecology, Evolution, and Systematics*, in publication since 1970, covers significant developments in the fields of ecology, evolutionary biology, and systematics, as they apply to all life on Earth. Essay reviews cover topics ranging from phylogeny, speciation, and molecular evolution through behavior and evolutionary physiology to population dynamics, ecosystems processes, and applications in invasion biology, conservation, and environmental management.

**eISSN: 1545-2069**

Articles range from phylogeny, speciation, and molecular evolution through behavior and evolutionary physiology to population dynamics, ecosystems processes, and applications in invasion biology, conservation, and environmental management.

Since 1970. URL: [www.annualreviews.org/journal/ecolsys](http://www.annualreviews.org/journal/ecolsys)

## *Annual Review of Economics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Economics* covers significant developments in the field of economics, including macroeconomics and money; microeconomics, including economic psychology; international economics; public finance; health economics; education; economic growth and technological change; economic development; social economics, including culture, institutions, social interaction, and networks; game theory, political economy, and social choice; and more.

**eISSN: 1941-1391**

Since 2009. URL: [www.annualreviews.org/journal/economics](http://www.annualreviews.org/journal/economics)

## *Annual Review of Entomology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Entomology*, in publication since 1956, reviews significant developments in the field of entomology, including biochemistry and physiology, morphology and development, behavior and neuroscience, ecology, agricultural entomology and pest management, biological control, forest entomology, acarines and other arthropods, medical and veterinary entomology, pathology, vectors of plant disease, genetics, genomics, and systematics, evolution, and biogeography.

**eISSN: 1545-4487**

Since 1956. URL: [www.annualreviews.org/journal/ento](http://www.annualreviews.org/journal/ento)

## *Annual Review of Environment and Resources*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Environment and Resources*, in publication since 1976, provides authoritative reviews of significant topics within environmental

science and engineering, including ecology and conservation science, water and energy resources, atmosphere, oceans, climate change, agriculture and living resources, and human dimensions of resource use and global change.

**eISSN: 1545-2050**

Since 1976. URL: [www.annualreviews.org/journal/energy](http://www.annualreviews.org/journal/energy)

### *Annual Review of Financial Economics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Financial Economics* provides comprehensive, forward-looking and critical reviews of the most significant theoretical, empirical, and experimental developments in financial economics, including the fields of capital markets, corporate finance, financial institutions, market microstructure, and behavioral and experimental finance.

**eISSN: 1941-1375**

Since 2009. URL: [www.annualreviews.org/journal/financial](http://www.annualreviews.org/journal/financial)

### *Annual Review of Fluid Mechanics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Fluid Mechanics*, in publication since 1969, covers the significant developments in the field of fluid mechanics, including history and foundations; non-newtonian fluids and rheology; incompressible and compressible fluids; plasma flow; stability of flow; multi-phase flows; mixing and transport of heat and species; control of fluid flow; combustion; turbulence; shock waves and explosions.

**eISSN: 1545-4479**

Since 1969. URL: [www.annualreviews.org/journal/fluid](http://www.annualreviews.org/journal/fluid)

### *Annual Review of Food Science and Technology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Food Science and Technology*, in publication since 2010, covers current and significant developments in the multidisciplinary field of food science and technology. The topics will include: food microbiology, food-borne pathogens, and fermentation; food engineering, chemistry, biochemistry, rheology, and sensory properties; novel ingredients and nutrigenomics; emerging technologies in food processing and preservation; biotechnology applications and nanomaterials in food systems.

**eISSN: 1941-1421**

Since 2010. URL: [www.annualreviews.org/journal/food](http://www.annualreviews.org/journal/food)

### *Annual Review of Genetics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Genetics*, in publication since 1967, covers significant developments in the field of genetics. These include biochemical, behavioral, cell, and developmental genetics; evolutionary and population genetics; chromosome structure and transmission; gene function and expression; mutation and repair; genomics; immunogenetics; and other topics as related to the genetics of viruses, bacteria, fungi, plants, and animals, including humans.

**eISSN: 1545-2948**

Since 1967. URL: [www.annualreviews.org/journal/genet](http://www.annualreviews.org/journal/genet)

### *Annual Review of Genomics and Human Genetics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Genomics and Human Genetics*, in publication since 2000, covers significant developments in the field of genomics as they apply to human genetics and the human genome. We have particular interest in the areas of genomic technology, genome structure and function, genetic modification, human variation and population genetics, human evolution and, importantly, all aspects of human genetic disease and including individualized medicine.

Volume 23 (2022) has been converted from gated to open access through Annual Reviews' [Subscribe to Open](#) program, with all articles published under a CC BY license. The back volumes, dating from 2000, are now freely available.

**eISSN: 1545-293X**

Since 2000. URL: [www.annualreviews.org/journal/genom](http://www.annualreviews.org/journal/genom)

### *Annual Review of Immunology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Immunology*, in publication since 1983, focuses on basic immune mechanisms and molecular basis of immune diseases in humans. Topics include innate and adaptive immunity; immune cell development and differentiation; immune control of pathogens (viruses, bacteria, parasites) and cancer; and human immunodeficiency and autoimmune diseases.

**eISSN: 1545-3278**

Since 1983. URL: [www.annualreviews.org/journal/immunol](http://www.annualreviews.org/journal/immunol)

### *Annual Review of Law and Social Science*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Law and Social Science*, in publication since 2005, strives to enhance the understanding of the complex connections between law, culture, social structure, and society by focusing on social scientific studies of law and law-like systems of rules, institutions, processes, and behaviors.

**eISSN: 1550-3631**

Since 2005. URL: [www.annualreviews.org/journal/lawsocsci](http://www.annualreviews.org/journal/lawsocsci)

### *Annual Review of Linguistics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Linguistics*, in publication since 2015, covers significant developments in the field of linguistics, including phonetics, phonology, morphology, syntax, semantics, pragmatics, and their interfaces. Reviews synthesize advances in linguistic theory, sociolinguistics, psycholinguistics, neurolinguistics, language change, biology and evolution of language, typology, as well as applications of linguistics in many domains.

**eISSN: 2333-9691**

Since 2014. URL: [www.annualreviews.org/journal/linguistics](http://www.annualreviews.org/journal/linguistics)

### *Annual Review of Marine Science*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Marine Science*, in publication since 2009, provides a perspective on the field of marine science. The journal draws from diverse topics within the major disciplines of coastal and blue water oceanography (biological, chemical, geological and physical) as well as subjects in ecology, conservation and technological developments with the marine environment as the unifying theme.

**eISSN: 1941-0611**

Since 2009. URL: [www.annualreviews.org/journal/marine](http://www.annualreviews.org/journal/marine)

### *Annual Review of Materials Research*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Materials Research*, in publication since 1971, covers the significant developments in the field of materials research, including original methodologies, materials phenomena, material systems, and special keynote topics.

**eISSN: 1545-4118**

Since 1971. URL: [www.annualreviews.org/journal/matsci](http://www.annualreviews.org/journal/matsci)

### *Annual Review of Medicine*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Medicine*, in publication since 1950, covers significant developments in various fields of medicine, including AIDS/HIV, cardiology, clinical pharmacology, dermatology, endocrinology/metabolism, gastroenterology, genetics, immunology, infectious disease, neurology, oncology/hematology, pediatrics, psychiatry, pulmonology, reproductive medicine, and surgery.

**eISSN: 1545-326X**

Since 1950. URL: [www.annualreviews.org/journal/med](http://www.annualreviews.org/journal/med)

### *Annual Review of Microbiology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Microbiology*, in publication since 1947, covers significant developments in the field of microbiology, encompassing bacteria, archaea, viruses, and unicellular eukaryotes. Draws from a broad group of disciplines, ranging from ecology and evolution to biochemistry, genomics, and structural biology. Aimed at students and scientists with a general background in biology or microbiology.

**eISSN: 1545-3251**

Since 1947. URL: [www.annualreviews.org/journal/micro](http://www.annualreviews.org/journal/micro)

### *Annual Review of Neuroscience*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Neuroscience*, in publication since 1978, covers the significant developments across the entire field of neuroscience, including molecular and cellular neuroscience, neurogenetics, development, plasticity and repair, systems neuroscience, cognitive neuroscience, behavior, and neurobiology of disease, with occasional reviews in history of neuroscience and ethics.

**eISSN: 1545-4126**

Since 1978. URL: [www.annualreviews.org/journal/neuro](http://www.annualreviews.org/journal/neuro)

### *Annual Review of Nuclear and Particle Science*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Nuclear and Particle Science*, in publication since 1952, covers significant developments in the field of nuclear and particle science, including recent theoretical developments as well as experimental results and their interpretation, nuclear structure, heavy ion interactions, oscillations observed in solar and atmospheric neutrinos, the physics of heavy quarks, the impact of particle and nuclear physics on astroparticle physics, and recent developments in accelerator design and instrumentation.

Volume 72 (2022) has been converted from gated to open access through Annual Reviews' [Subscribe to Open](#) program, with all articles published under a CC BY license. The back volumes, dating from 1952, are now freely available.

**eISSN: 1545-4134**

Since 1952. URL: [www.annualreviews.org/journal/nucl](http://www.annualreviews.org/journal/nucl)

### *Annual Review of Nutrition*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Nutrition*, in publication since 1981, covers the significant developments in the field of nutrition, including energy metabolism, carbohydrates, lipids, proteins and amino acids, vitamins, minerals, nutrient transport and function, metabolic regulation, nutritional genomics, molecular and cell biology, clinical nutrition, comparative nutrition, nutritional anthropology, nutritional toxicology, nutritional microbiology, epidemiology, and public health nutrition.

**eISSN: 1545-4312**

Since 1981. URL: [www.annualreviews.org/journal/nutr](http://www.annualreviews.org/journal/nutr)

### *Annual Review of Organizational Psychology and Organizational Behavior*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Organizational Psychology and Organizational Behavior*, launched in March 2014, is devoted to publishing reviews of the I/O Psychology and HRM/OB literature.

**eISSN: 2327-0616**

Since 2014. URL: [www.annualreviews.org/journal/orgpsych](http://www.annualreviews.org/journal/orgpsych)

### *Annual Review of Pathology: Mechanisms of Disease*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Pathology: Mechanisms of Disease*, in publication since 2006, covers significant advances in our understanding of the initiation and progression of important human diseases. Emphasis is placed on current and evolving concepts of disease pathogenesis, molecular genetic and morphologic alterations associated with diseases, and clinical significance.

**eISSN: 1553-4014**

Since 2006. URL: [www.annualreviews.org/journal/pathmechdis](http://www.annualreviews.org/journal/pathmechdis)

### *Annual Review of Pharmacology and Toxicology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Pharmacology and Toxicology*, in publication since 1961, covers the significant developments in the fields of pharmacology and toxicology, including receptors, transporters, enzymes, and chemical agents; drug development science; systems such as the immune system, central and autonomic nervous systems, gastrointestinal system, cardiovascular system, endocrine system, and pulmonary system; and special topics.

**eISSN: 1545-4304**

Since 1961. URL: [www.annualreviews.org/journal/pharmtox](http://www.annualreviews.org/journal/pharmtox)

### *Annual Review of Physical Chemistry*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Physical Chemistry*, in publication since 1950, covers significant developments in the field of physical chemistry, including biophysical chemistry, chemical kinetics, colloids, electrochemistry, geochemistry and cosmochemistry, chemistry of atmosphere and climate, laser chemistry and ultrafast processes, the liquid state, magnetic resonance, physical organic chemistry, polymers and macromolecules, and more.

**eISSN: 1545-1593**

Since 1950. URL: [www.annualreviews.org/journal/physchem](http://www.annualreviews.org/journal/physchem)

### *Annual Review of Physiology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Physiology*, in publication since 1939, covers the significant developments in the field of animal physiology, including cardiovascular physiology; cell physiology; ecological, evolutionary, and comparative physiology; endocrinology; gastrointestinal physiology; neurophysiology; renal and electrolyte physiology; respiratory physiology; and special topics.

**eISSN: 1545-1585**

Since 1939. URL: [www.annualreviews.org/journal/physiol](http://www.annualreviews.org/journal/physiol)

### *Annual Review of Phytopathology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Phytopathology*, in publication since 1963, covers the significant developments in the field of plant pathology, including plant disease diagnosis, pathogens, host-pathogen Interactions, epidemiology and ecology, breeding for resistance and plant disease management, and includes a special section on the development of concepts.

**eISSN: 1545-2107**

Since 1963. URL: [www.annualreviews.org/journal/phyto](http://www.annualreviews.org/journal/phyto)

### *Annual Review of Plant Biology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Plant Biology*, in publication since 1950, covers the significant developments in the field of plant biology, including biochemistry and biosynthesis, genetics, genomics and molecular biology, cell differentiation, tissue, organ and whole plant events, acclimation and adaptation, and methods and model organisms.

**eISSN: 1545-2123**

Since 1950. URL: [www.annualreviews.org/journal/arplant](http://www.annualreviews.org/journal/arplant)

### *Annual Review of Political Science*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Political Science*, in publication since 1998, covers significant developments in the field of Political Science including political theory and philosophy, international relations, political economy, political behavior, American and comparative politics, public administration and policy, and methodology.

Volume 24 (2022) has been converted from gated to open access through Annual Reviews' [Subscribe to Open](#) program, with all articles published under a CC BY license. The back volumes, dating from 1998, are now freely available.

**eISSN: 1545-1577**

Since 1998. URL: [www.annualreviews.org/journal/polisci](http://www.annualreviews.org/journal/polisci)

### *Annual Review of Psychology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Psychology*, in publication since 1950, covers the significant developments in the field of psychology, including: biological bases of behavior, sensation and perception, cognitive processes, animal learning and behavior, human development, psychopathology, clinical and counseling psychology, social psychology, personality, environmental psychology, community psychology, and more.

**eISSN: 1545-2085**

Since 1950. URL: [www.annualreviews.org/journal/psych](http://www.annualreviews.org/journal/psych)

### *Annual Review of Public Health*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Public Health*, in publication since 1980, covers significant developments in the field of public health, including key developments and issues in epidemiology and biostatistics, environmental and occupational health, social environment and behavior, health services, and public health practice and policy.

Volume 43 (2022) has been converted from gated to open access through Annual Reviews' [Subscribe to Open](#) program, with all articles published under a CC BY license. The back volumes, dating from 1980, are now freely available [Volumes 38 (2017) and 39 (2018) are available open access under CC BY license through support from the [Robert Wood Johnson Foundation](#)].

**eISSN: 1545-2093**

Since 1980. URL: [www.annualreviews.org/journal/publhealth](http://www.annualreviews.org/journal/publhealth)

### *Annual Review of Resource Economics*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Resource Economics* provides authoritative critical reviews evaluating the most significant research developments in resource

economics, focusing on agricultural economics, environmental economics, renewable resources, and exhaustible resources.

**eISSN: 1941-1359**

Since 2009. URL: [www.annualreviews.org/journal/resource](http://www.annualreviews.org/journal/resource)

### *Annual Review of Sociology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Sociology*, in publication since 1975, covers the significant developments in the field of sociology. Topics covered in the journal include major theoretical and methodological developments as well as current research in the major subfields. Review chapters typically cover social processes, institutions and culture, organizations, political and economic sociology, stratification, demography, urban sociology, social policy, historical sociology, and major developments in sociology in other regions of the world.

**eISSN: 1545-2115**

Since 1975. URL: [www.annualreviews.org/journal/soc](http://www.annualreviews.org/journal/soc)

### *Annual Review of Statistics and Its Application*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Statistics and Its Application* informs statisticians, and users of statistics about major methodological advances and the computational tools that allow for their implementation. Topics include developments in statistics, including theoretical statistical underpinnings of new methodology and specific domains such as biostatistics and bioinformatics, economics, machine learning, psychology, sociology, and aspects of the physical sciences.

**eISSN: 2326-831X**

Since 2014. URL: [www.annualreviews.org/journal/statistics](http://www.annualreviews.org/journal/statistics)

### *Annual Review of Virology*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Virology* communicates exciting advances in our understanding of viruses of animals, plants, bacteria, archaea, fungi, and protozoa. Reviews highlight new ideas and directions in basic virology, viral disease mechanisms, virus-host interactions, and cellular and immune responses to virus infection, and reinforce the position of viruses as uniquely powerful probes of cellular function.

Volume 9 (2022) has been converted from gated to open access through Annual Reviews' [Subscribe to Open](#) program, with all articles published under a CC BY license. The back volumes, dating from 2014, are now freely available.

**eISSN: 2327-0578**

Since 2014. URL: [www.annualreviews.org/journal/virology](http://www.annualreviews.org/journal/virology)

### *Annual Review of Vision Science*

**AIMS AND SCOPE OF JOURNAL:** The *Annual Review of Vision Science* reviews progress in the visual sciences, a cross-cutting set of disciplines which intersect psychology, neuroscience, computer science, cell biology and genetics, and clinical medicine. The journal covers a broad range of topics and techniques, including optics, retina, central visual processing, visual perception, eye movements, visual development, vision models, computer vision, and the mechanisms of visual disease, dysfunction, and sight restoration. The study of vision is central to progress in many areas of science, and this new journal will explore and expose the connections that link it to biology, behavior, computation, engineering, and medicine.

**eISSN: 2374-4650**

Since 2014. URL: [www.annualreviews.org/journal/vision](http://www.annualreviews.org/journal/vision)
